

Dear future year sevens,

My name is Jessica and I am writing to you so that I can give you some top tips for when you come to Middlewich High School but also to make you feel welcome.

During my first few days I had made a group of friends and got to know my teachers really well and I hope that your first few days are going to be just as good as mine. When I first came to MHS I was really excited for a new school life and I knew that I had picked the right school right there on the first day so I hope you have to. Your first two days are lesson free so then you can get to know your class mates in your form and also so you can get to know your form tutor. On your third day you will get your locker number only if your parents payed for a locker and you will also get your timetable.

The way I made all of my friends was if I was near them and we started to talk to each other I would ask what their name was and tell them my name and also ask if they wanted to be my friend. So, if you are ever near someone and you start to talk to them don't be afraid to ask if they want to be friends with you take the risk and be brave. Most of your friends will be friends for life but others won't. Sadly, that is true but your friends for life will be there forever.

Here is a map of MHS for you to look at.
