

MIDDLEWICH HIGH SCHOOL

HEIDI THURLAND BA (HONS 1ST CLASS) NPQH HEADTEACHER

Good Afternoon

I hope you received the work booklet we sent out last week. Please try to make time over the break to work through some of it in preparation for the move up to secondary school.

We have added a new video to the website today, which features some of our Year 7 students answering questions sent in by members of Year 6. Please take the time to watch it and take note of any of their top tips. It can be found in the Parent Zone in the Year 6 Transition area.

We have had a few enquiries about uniform and PE kit. As you can imagine, the guidance is changing on a daily basis. It is the headteacher's hope that we will be able to run some PE in the autumn term- but until we get guidance from the DfE about September we will not know exactly how this will run in school. This means that getting a PE kit for the start of term is something you will need to do. If you wish to exercise caution or wish to spread the cost of your order, you could delay ordering PE kit until late August. The first week back at school will not involve PE lessons and turnaround for orders is 3-5 days.

We will write to families in the week of the GCSE results in August, as by then we should have the most up to date information.

Next week we will send out a final pack to you all. It will feature the transition handbook, a letter from your new form teacher and some summer activities to stop you from getting bored over the long summer holidays.

We hope to speak to you all during our Virtual Transition Evening in the last week of term (more details to follow).

Best Wishes

Steve Wiseman
Assistant Head (DSL)
